

Step 01: Log in to your Gmail account

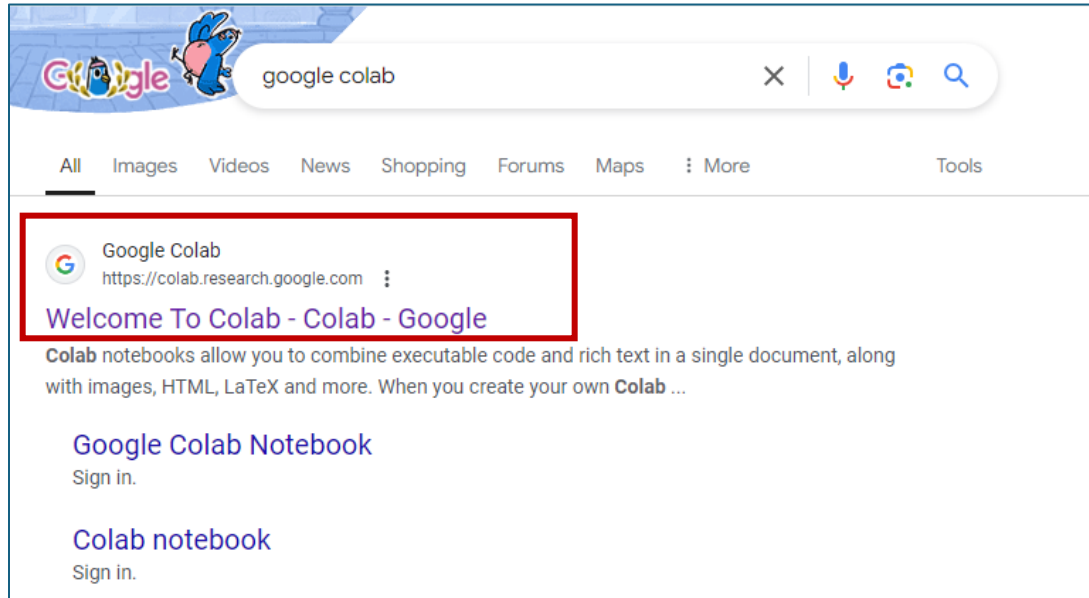

The image shows the Google sign-in page. On the left, there is a large 'G' logo and the text 'Sign in' followed by 'Use your Google Account'. On the right, there is a text input field labeled 'Email or phone' with a cursor inside. Below the input field is a link that says 'Forgot email?'. Further down, there is a message: 'Not your computer? Use Guest mode to sign in privately. [Learn more about using Guest mode](#)'. At the bottom right, there are two buttons: 'Create account' and a blue 'Next' button.

Step 02: Google Search "Google Colab"

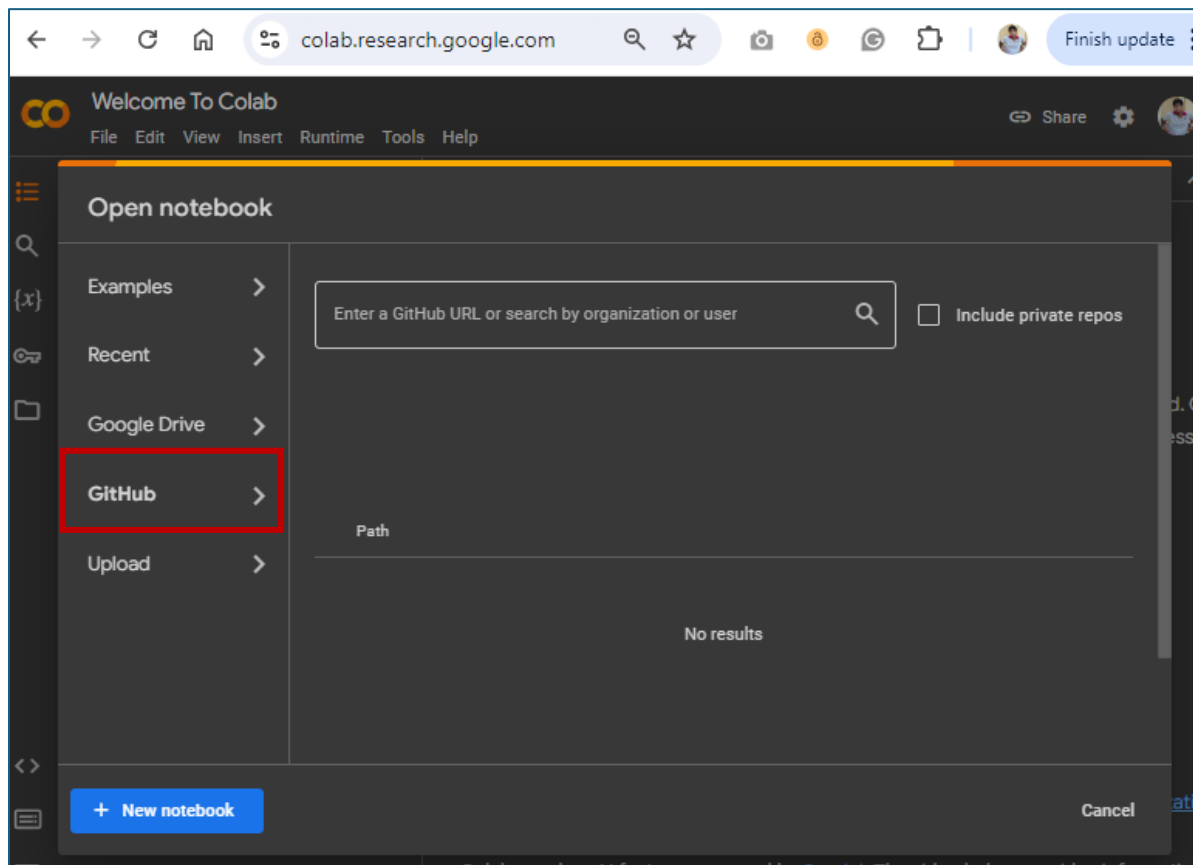

The image shows a Google search results page. The browser's address bar shows 'google colab'. Below the address bar, there are tabs for 'Google Calendar', 'MyOdu | Main view', and 'Dashboard'. The main content area features the Google logo. At the bottom, there is a search bar with the text 'Google Colab' entered. The search bar is highlighted with a red rectangle. To the right of the search bar, there are icons for voice search and image search. In the top right corner, there are links for 'Gmail' and 'Images'.

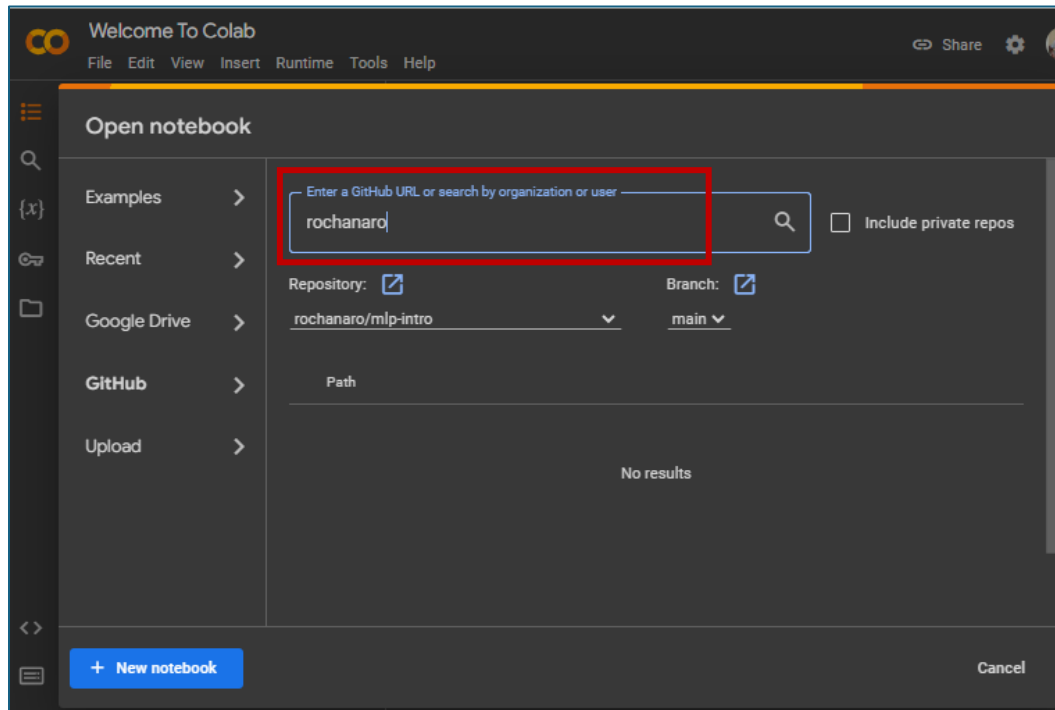

Step 03: Select “Welcome to Colab – Colab - Google”

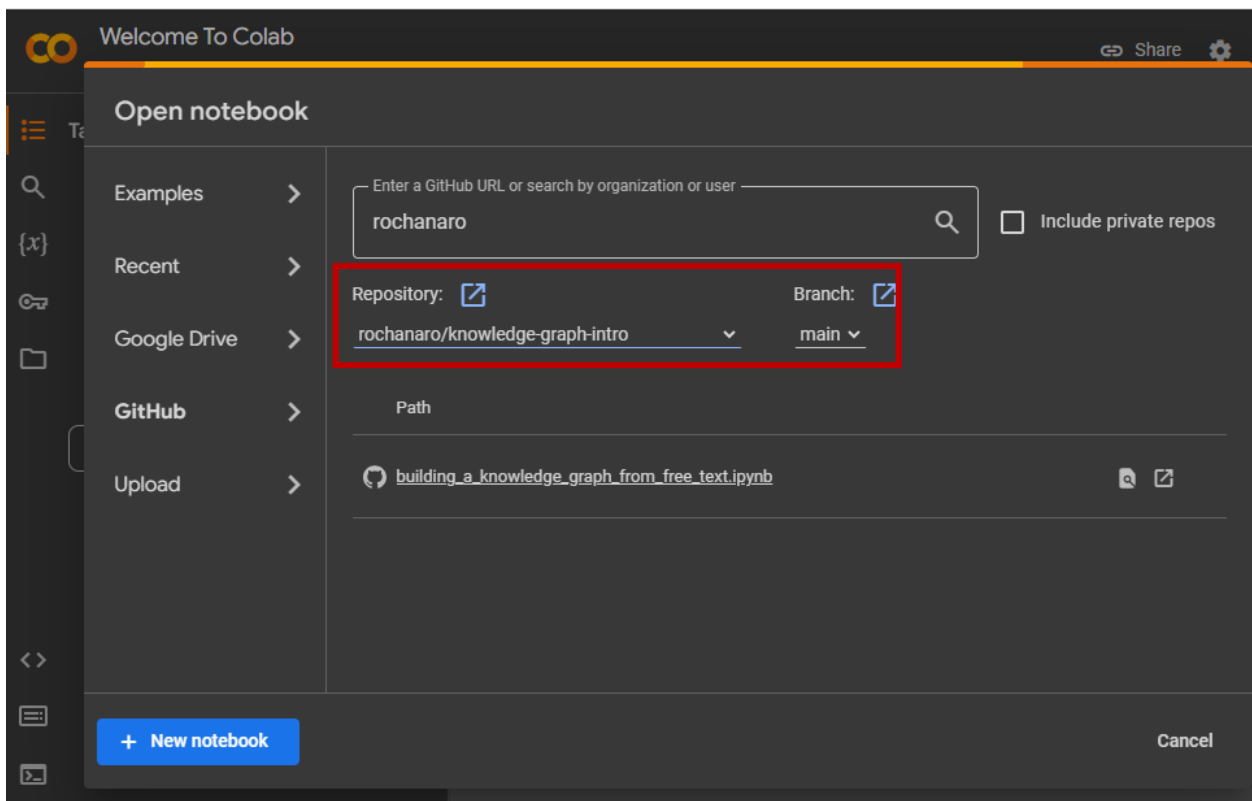

Step 04: Select “GitHub”

Step 05: Type “rochanaro” and press **enter**

Step 06: Select repository **rochanaro/knowledge-graph-intro**

Step 07: Select `building_a_knowledge_graph_from_free_text.ipynb` notebook
